RAJ DUTT SHARMA

Remote – United States (NYC / CT) | mrrajduttsharma@gmail.com | 860-402-0866 | linkedin.com/in/rajdsharma | rajduttsharma.com

PROFESSIONAL SUMMARY

Writer and editor with 15+ years of experience crafting clear, accurate web, long-form, and editorial content, including writing and maintaining website copy in WordPress and Squarespace. Skilled at translating complex healthcare and regulatory information into plain, accessible language, built through frontline Medicare and Medicaid work in CMS- and HIPAA-regulated environments. Brings SEO-informed writing and hands-on AI evaluation experience, with a working understanding of how AI systems read, summarize, and generate content.

CORE COMPETENCIES

Web and Digital Copywriting | Editing and Proofreading | Plain-Language Health Communication | SEO-Informed Writing | Content Management Systems (WordPress, Squarespace) | Brand Voice and Style Consistency | Medical and Regulatory Terminology (CMS, HIPAA) | AI Content Evaluation | Stakeholder Collaboration and Multi-Project Management

WRITING AND EDITORIAL EXPERIENCE

Writer and Editor | Freelance and Contract | NYC / Remote *2009 – Present*

- Ghostwrite and edit long-form, web, blog, and creative content across multiple industries, matching each client's voice and developing outlines, drafts, and revisions to client specifications.
- Copywriter and Content Editor, Clarity Reiki (2019–2021): wrote, edited, and maintained website copy on Squarespace, applying SEO best practices to improve search visibility; wrote newsletters and edited long-form manuscripts; transformed video and spoken material into structured written content.
- Editorial Associate, GoWaddle.com (2017–2019): reviewed, edited, and formatted articles in WordPress to editorial, SEO, and quality standards, collaborating with writers and founders in a deadline-driven startup.
- Manage independent client relationships, project timelines, and communications workflows.

HEALTHCARE, COMPLIANCE, AND CUSTOMER EXPERIENCE

Customer Care Specialist – Healthcare | Foundever | Remote *Jun 2026 – Present*

- Support dual-eligible Medicare and Medicaid members on UnitedHealthcare Connecticut D-SNP plans in a HIPAA-regulated, CMS-audited environment.
- Resolve benefits, eligibility, and coverage inquiries at first contact, documenting grievances and coverage determination requests to CMS-compliant standards.
- Connect members to specialists, care programs, and appointment scheduling to close gaps in care.
- Maintain consistent 100% member satisfaction survey scores across all monitored interactions.

Customer Experience Specialist – Medicare / Medicaid | Alorica | Remote *Aug 2025 – Jan 2026*

- Managed 60 to 80 inbound calls daily supporting Medicare, Medicaid, and Medicare Advantage members across all 50 states in a CMS-regulated managed care environment.
- Interpreted complex federal and state healthcare policy in real time, translating regulatory and clinical language into clear, plain-language guidance on eligibility, claims, prior authorizations, and coverage determinations.
- Owned escalations end to end, coordinating with internal teams and external agencies to drive resolution.
- Maintained strict HIPAA compliance while documenting detailed case records accurately across high-volume CMS-regulated systems.

TurboTax Product Expert (Seasonal) | Working Solutions / Intuit | Remote *Jan 2025 – Jul 2025*

- Assisted customers via phone and chat using TurboTax software.
- Interpreted IRS guidelines regarding income, deductions, credits, and filing status.
- Handled sensitive financial data in secure, compliance-driven systems.

Recertification Specialist – NYC Housing / HUD Compliance | MetStaff | Brooklyn, NY *Dec 2022 – May 2023*

- Processed and reviewed high volumes of housing recertification files tied to NYC HUD and affordable housing programs.
- Verified leases, income documentation, tax records, household composition, and eligibility compliance, entering records into HUD compliance systems.
- Communicated with residents to resolve documentation discrepancies and ensure regulatory compliance.
- Supported NYS and HUD-related audits through detailed file review and data verification.

AI EVALUATION AND ASSESSMENT EXPERIENCE

Generalist AI Trainer | LinkedIn AI (Contract) | Remote *Jun 2026 – Present*

- Evaluate and review AI-generated outputs across generalist reasoning and software engineering tasks within LinkedIn's AI Trainer program.
- Conduct prompt review, task evaluation, and quality assessment to support large language model development.
- Apply structured guidelines and quality standards across a multi-stage submission and review workflow.

AI Model Evaluator | Handshake (Contract) | Remote *Mar 2026 – Present*

- Evaluate and benchmark large language model responses across multi-turn reasoning tasks.
- Design structured prompts to stress-test AI reasoning, instruction following, and factual accuracy.
- Compare model outputs and rate responses using standardized evaluation criteria.
- Identify common model failure modes including hallucinations, logical inconsistencies, and instruction-following errors.

AI Writing Evaluator | Outlier (Contract) | Remote *Oct 2024 – Present*

- Evaluate AI-generated responses for factual accuracy, reasoning quality, clarity, inclusivity, and policy compliance.
- Provide structured written feedback to improve model performance and output reliability.
- Identify hallucinations, logical inconsistencies, bias, and edge cases requiring human judgment.
- Apply standardized evaluation frameworks across diverse subject domains.

Remote Test Scorer | Pearson (Contract) | Remote *Mar 2024 – Present*

- Evaluate open-ended written responses using standardized scoring rubrics and decision frameworks.
- Maintain approximately 98% scoring reliability across calibration reviews.
- Document scoring rationale clearly and consistently while logging data accurately across large response datasets.
- Meet high daily production targets while maintaining strict rubric adherence.
